Born from the heart of the Colorado equestrian community, the Classic was established in July 2023 to honor Quincy Rohrbach and her courageous battle against stage four osteosarcoma, a devastating pediatric bone cancer. Shortly after her high school graduation in June 2022, Quincy received her diagnosis, galvanizing the community to rally around her and her family.

Inspired by Quincy's strength and resilience, LEG Shows & Events created this annual class to raise critical funds for pediatric cancer research. We continue to "Jump for a Cure" in her memory, ensuring her legacy lives on by supporting the fight against childhood cancers.
